Unfortunately, Our players buy direct from ADIDAS as needed so we don't carry extra uniforms around.
However, a good player of ours and mother set up a charity that does exactly what you are asking for.
We just sent some items to South Africa.

Hi Julia,

We actually have a set of Kelly Green and Gold soccer jerseys that were ordered by mistake a while back. We would be happy to donate them, if someone would be able to come to Welland to get them. Let me me know if that works! Our hours are 10am-6pm, but an earlier time could be arranged.

Best regards,

Hi Deanna,

Our group would like to ask your permission to put copies of you hand drawn maps of Baden Powell in our term project to visualize the planting which has been done across the park.

Please let us know if we can use them and how you would like us to cite you.

Thank you,

Dear Deanna,

This is [REDACTED], one of the group members from the field site visit this morning.

(I know I need to work on properly introducing myself professionally!)

First, I would like to say thank you for coming out to Baden Powell with us today.

Second, could you send me the link to the organization in Cameroon you are working with?

I am very interested in opportunities abroad concerning the social aspects of restoration and conservation.

Thanks again,

Hi Deanna,

I really appreciate you fitting us in during such a busy time. We are available to meet at 4pm on the 8th or at 9am on the 9th, did you have a preference? Also, I will come on the morning of the 4th to photocopy the reports, should I ask for you at the front desk?

I look forward to meeting you,

Hi [REDACTED]

Its planting season but I think I could squeeze in a walk on the afternoon of the 8th or the morning of the 9th if either works for you?

Also, in terms of photocopying the reports, the morning of the 4th at 9:00 would work or the morning of the 7th?

Our office is in welland.

Hi Deanna,

A walk through of the site would be amazing, are there particular days and times that work for you? Also, those reports would be very helpful, when would be a good time to come in and take copies? My group is available to meet at different times during the week, both days and evenings, and on the weekend.

Thank you again,

There are reports but they are hard copy. I would be happy to walk the site with you to show you what we did there. Also, you could copy the proposal and the reports if you would like to come to our office.

Hi Deanna,

Thank you for getting back to me. I'm looking for information regarding the restoration project that took place in Baden Powell between 1998 and 2000. Little information seems to be available on this site, so any information and guidance would be much appreciated. Specifically, what was done during this restoration project and why? Furthermore, are there any reports available from this project or regarding this site in general?

Thank you in advance for any help you can provide,

Dear Allison Graszat,

My name is [REDACTED] and I am a ecosystem restoration student at Niagara College. I am writing to you regarding the past Baden Powell ecosystem enhancement project (1998-2000). I am currently researching Baden Powell Park, and was wondering if you had any information regarding the park, and this project, that you would be able to share with me.

Thank you in advance for your help,
